1. This will acknowledge receipt of your memorandum of 18 October 1953, giving your opinion on [REDACTED] claim and attaching your file pertaining thereto.

2. The file indicates that it was the intention of [REDACTED] superiors in the EE Division, DD/P, at least at the time of his departure on December 1952, that he would perform certain duties of a permanent nature with the [REDACTED] mission. This authorization apparently was based on the intention of the EE Division in December 1952, to effect an actual PCS status for [REDACTED] even though a permanent slot was not then available and the record could not be perfected until April 1953. This decision is reported to us in paragraph 3 of your memorandum of 18 April.

3. This office is in agreement with your decision. Mr. [REDACTED] of EE/ADMIN states in his memorandum of 18 August 1953 that he does not question [REDACTED]'s claim as falling within the regulation permitting payment for advance travel of dependents. The EE position appears to be predicated upon its desire to discipline [REDACTED] for what is reported to be "direct defiance of a widely publicized ruling of the [REDACTED] mission." The
